

Kampa Ida Co. Idaho

May 23rd 1897

My Dear Wife and Baby

I reached here this morning with the train at 2-10 this morning I am feeling much better than any other time on the trip at this station. The country is very poorly settled on account of being a new place but from all accounts I think it will pay very well. Don't think I will do anything the day but find out about localities. I will not write you a long letter you may send my shaving out fit to Boise City Idaho and write me. That's this is all.

Good Bye

From your loving husband
Will

Here is one dozen kisses for you & baby each take them first & then give them to him after ++++++
