My Dear Sister Ann

I was so pleased
to hear from you and to hear that
you were well. I think that your
children are doing real well
I think they have got better
quicker after receiving them.

Do you wish any more?

As to your colors up last
night it was the first time
I had seen them for some time
they are splendid. I think that
the first good chance we have had
will sell them. Yourings are all
bringing up about a dollar up
but some are about a dollar
eight. I got a letter from Tracy
the same day that I got your

and must believe that to stay
you will think this about looks
terribly dirty but I believe
of when I had the first page
written and rubbed his hand
and I was intending to go
to Singapore but they
was taken sick and I could
not go he is very sick for nearly
three days he has not eaten any
thing but these Straits
all the medicine I got him to
take he threw right up he is
very feverish and stays in the
lounge about half asleep all of
the time it is a bad cold he
has in his lungs
I would so like to go over to
see you but I cannot but I
will I can't get off
for

Sunday morning June 10

Ruth and Vera come over
just today so I did not write
any more Ruth said she wants
to come to you and to tell you
that that woman here of your
is not her own little chicks
and is the best here to her little
chicks she ever saw.

But a Sacramento is expecting
to be home this week that has
you are for sure. I don't
know any better to say I am
getting ready to give him a good
working in in love to you
also kind regards to Will

Write soon to your loving father
