

Albany 3/30 1858

Dear Vera your
letter just at hand I hasten
to answer. You never mentioned
the Twenty-five dollars I sent. I
sent it the day before I sent you the
card. I sent it in a registered letter,
as soon as you get it please let
me know I will be worrying
until you do get it.

If school were out on time I
had just as soon go and stay
a few weeks or so.

I am thinking some of going down
to Salt Lake next week and then
I will see father.

I am getting very tired in school
and have the headache nearly all
the time I wish I could see

Wesley he must look into.

I'd love you and in love to
you all I know (as I have
a terrible headache you will excuse
me from writing more now.

Please write soon
