 Dear Wife and Baby
 I got both of your
 letters at the same time at Caldwell
 I was very glad to hear from
 you and sorry to learn that you
 have such a bad time with the
 stock Now Dont hurt yourself
 let them go I would rather they
 would eat the ranch up sooner
 than have you work to herd
 them it will soon be smooth
 and I have not sent you the
 money yet I am sorry but I
 have done all I could things are
 not so good as I expected &
 I dont get as good a price
 as I did not get my boot
 as soon as I wanted the
 I have delivered all that have
 come & done well had no trouble

but the books are behind hand
When I think of you & no
money to help you if you should
need some body but I will
send you before long the
first I can spare I will
send Quayles as ~~soon~~ as
I get my delivery completed
I dont know whether it will
pay me to stay or not I
guess not if I cannot get
the book in 80 days time
seeing I did not do as well
this mo. & have to pay all I
owe out of my comb I have
within the house & will
know soon if I can get time
with them I shall stay I
can get several schools at
65 a mo. I dont know but I will
teach if you will let me I will
come home first & see what I
can do there What do you think

about it I know you will
say yes if I think best but I
dont want you to do that if you
dont want to if you can think of
any other way that we can
make money to pay our debts
and be more agreeable contented
Dear what did Mrs B. mean by you
wearing Baby I thought it was because
you had to but what you said about
your lawn dresses made me think
diferent Tell me if the truth
about the matter Well Dear when
you spoke of your summer dress
you ~~seem~~ to wear and about looking
like Miss Sara Crockett makes me
makes me feel queer and I feel awkward
besides to think I had brought
you to the ranch and put you
in the condition you are I can
hardly stand it to think about it
but never mind Dear I shall do all I
can to make you happy I believe
