Dear Sir:-

Replying to yours of the 8th inst. will say that I call on Mr Garrison who is now on exhibition at the Globe Museum No. 298 Broadway.

He informed me that Frank Larsen is now in Boston on exhibition as a Mormon Polygamist from Utah, that he had run away with this (Garrison's) third wife, and that he had engaged a number of New York prostitutes to accompany him and pose as his wives. Says Frank has treated him shamefully and was at present owing him about \$600.⁰⁰ He seemed to know the top of the money more than the wife.

He has heard nothing of Frank's going to Europe but would not be surprised if he did. Finds a gentleman of my acquaintance

stance of ~~mine~~ who came down from Boston
a few days ago I was informed that the
and another party, went to see the alleged
"Morrow Family". The women answer the
description Garrison gave of them as in general
appearance, and the party, said there ~~was~~ ^{was} a host
of squint eyed children, of all sizes on the
plafond. The gentleman is unacquainted
with Paine and does not know whether it was
him. They have Garrison's two books
left that were written by Paul P. Ransom and I
have none consequently I am unable to comply
with your request in this regard.

With kind regards to self and
family I remain

Yours very truly
J. E. Hart.
