My Dear Nora

Yours of date bearing
the boy's t. just rec^d, I was some
what surpris'd at such a short not. You
usually write long ones. I have not
the time to write much this morning.

I suppose it will please you better. Judging
from your last letters, if it were only a line
but I will not stop at a line. The morning
is beautiful I have been on the hills for a
walk & seldom get to go out much, only
every morning & I really enjoy it.

I shall be in Logan soon. Look out
for me: I may come any day.

I am well & in a thriving condition
good spirits & to expect to find you
the same. Have many letters to answer
some half dozen or more. Plenty of work
to do. I am going to St Charles today
& expect an other letter from you.

Ever Yours

William Hewins Peam

P.S. If you expect long letters you must write
long ones in return. Please

Mistake in the original
