 Friend Fred
 With anxiety I
 have looked for a letter from
 you but failed to get one. This
 makes sore I have written
 & not so much as heard from
 you. I have thought you were sick
 then thought you did not get
 them & last of all that you did
 not want to write any more
 Now if you are tired to writing,
 remember your promise and tell me
 so. It would be a hard to hear
 to get a letter wanting to close the
 correspondence but I would as

 suspense as I have been the last
 two weeks. As I could not quite

But it is difficult to find a way
thing you are wanting & that you
got it. If I don't get it
with me. It is from this date I
shall come down or send a letter
in care of some friend that will
give it to you personally. I believe
you have not gotten it. It is

I am in the market of my
thing rather & by W. for a change for
a short time. I have never had
such feelings in my life
as I have had since I came
from Logan. I don't know
whether it is Love or

But, if I thought it was
I should seek a speedy remedy
at any rate my life seems a
burden to me. I fear some
cause. Have the Trustees suspen-
died your correspondence with
me (Benevolent at mid day) or what
is the reason you do not write?
Be careful now don't fool me.
I am here for you as getting
stronger. the longer I wait the
stronger I love. I shall endeavor
to control it but it gives me
pain to think you might
prove false. Not even six
months ago I could have taken
the engagement without feeling
as I do now. I'll not write any
more this morning so Good Bye

Yours Everlasting & Affectionate
