

Now your letters are very
interesting quite as many
& long & often as you
have time I am very much
interested in you & will be
pleased to know of your
success. - Have you
read your journals yet
Had a letter from Mr.
Pellows of Iowa Springs
at Iowa City sent to
Boston I for them by
his recommendation I
believe they will be good
They are not the ones I
use to take - seems that
I have take all of this
paper to write you &
have told you nothing here

Mrs. N. E. Corcoran
Dear Nora
I take a few moments in
which to converse with you
I am canvassing of course
I met Mrs. Birtch last
evening & had a very pleasant
chat with her & to day I
have been spending the
most of the time with
Mr. McQuinn Mrs. B.
& an other young lady
from L. - is stopping at Mrs.
D. - Birtch is going to
Paris with the mail today
I promised to call on Mr.

this afternoon — but will
not have time I do
not like canvassing any
better than I did last
year. Hope this will ^{be} my
work when I get thro' ^{and}
here — O yes I have those
letters in any case you
spoke of. You may rest
assured that I will
take care of them — I
went to have told you of
this before now — Mr
Payson has bothered me
to find out a small ^{quantity}
some potatoes he is going
to take to the store &
put me out so I'll have
to think a gain. Mr
made know his intention
to call on you while
in Logan. He will
start tomorrow

I like Jim real well &
think him a nice young
man — sorry to think he
is not likely to recover
For such men this country
is badly in need of & I
do think he must meet
with such an accident
I can't miss fortune
wisher — some one that is
less usefull than such
fellows. Well I hope you
will enjoy his society. O do
& think I you will, seeing
he is & old friend of yours
Well summer is ready &
I have been only a few
moments writing this
as you may see by the
writing. Had a letter from
Home all are well well
kows plenty but I have no
time to write you all
