

Some very good weather
judging by the weather we
are having here for it is
most delightful.

At five minutes to two this
morning, we had one of the
heaviest earth-quakes that
I ever experience it being so
heavy & loud I heard it before
it come, at the time not know-
ing what it was till it shook
our house & the houses of other
causing plaster to fall from
the ceilings & walls. & is now
the wide talk,

Would be please with a fiction
of yourself, as you know, if you
feel like sending me one.

If I was a good writer I
would apologize for this,
hoping to hear from you soon,
As a true friend, & well
wisher, I remain,

Dear friend,

I take much pleasure in
pening a few lines to you
under as favorable circum-
stances as it is, I would
take more pleasure in do-
ing so, if I could make
them interesting to you,
Nevertheless if I do not say
much I will try as I al-
ways do to say nothing on-
ly what is so. As we agr-
eed while I was there that
if I would write you would
answer this is what I look
for & hope it will be inter-
esting to both, for I expect

it is partly the way with
you as it is with me, where
I can get enjoyment & pleas-
ure there is where I like to
be, & as I have stated I take
pleasure in writing to you,
& I trust you will come,

While I was in your beau-
tiful little City I enjoyed
myself very much & should
like to have had a little lon-
ger time there & should have
taken it had it not been
as I was telling you, getting
rather late in the season,
would like to have stayed
over Saturday & Sunday &
attended Conference there
as I have only attended one
in that Stake & are a great
lover of good meetings,

Our Conference was yesterday
& the day before I attended

both days as I have not
been very busy of late,
our meetings was very well
attended too, & had good ones.

Happy to say my trip to
Logan I realize have done me
the worlds worth of good
As some of ^{the} Brothers promise
me if I go there to the temple
& be faithful I would do
well, this I have realized
as I am feeling ever so
much better & I think
in due time I will be
able to ride my horse or
run a race with the next
man if I desire to,

As you were saying all things
are possible for those that
believe. & I am a strong
believer in all things that
is reasonable,

I suppose you are having
