

Sunday evening  
Nov. 1884  
Friend Nora

Have not taken  
time to day to finish this  
letter so will complete it  
now. Have been engaged  
during the day & up till now  
been listening to G. F. reading  
Byron. He is now rapped  
in close communion with  
him. — We had quite  
a nice little snow-hur to  
day it has fallen 2 in. since  
sundown I think it will  
not last long as the sky  
is clear at present

I must not take up so  
much of your time by writing  
you such long letters. You  
must be very busy with  
your school & other studies

Dear Friend

I can't wait for  
an answer from my last  
but must write you to  
night I have some very  
importance news to tell  
you and may not have  
time to morrow to communi-  
cate. Just learned it to night  
myself something you would  
never have dreamed of & may  
not believe it when you read  
this, but it must be so. It  
says it is, & I believe he  
knows. Are you <sup>all</sup> getting anxious  
to know. Well, look on the next Pa

The News.

Mr Robert Smith  
Ex Brother in law of yours is teaching  
school here in Dingle Hill.  
Has been teaching two weeks  
& I never met him till to  
day. I was in the P.O. &  
he came in & inquired. I took  
a look at him but did not  
observe closely seeing the  
Bp. I went out to ask him  
some questions. While talking  
with him Mr Smith came  
out & got in the wagon. I  
admired him very much  
for his build, but did not  
see any thing very striking  
in his countenance to cause  
me to scrutinize him closely.  
In fact as soon as he had taken  
his seat I did not stop to talk  
as I had gained what information  
I wanted. So he passed from

my mind till Frank  
brought it back by asking  
me if you had ever spoken  
about your brother in law.  
I told him we had had  
one or 2 short conversations  
about him. He then stated  
their meeting last Tuesday  
& told me of his being  
engaged here. I think  
he has his wife with him  
could not say. At any  
rate it is Rob. Smith.  
Well I am getting  
tired & have told you all  
of importance at present.  
Will make his acquaintance  
soon & have a private talk  
with him. My lamp  
is low & by the time you  
have read this for you will  
want to quit. Will finish  
in the morning. Good Night.  
Will

Cant resist another page  
But haven't much to tell  
you. I have a very nice  
book I will send you  
soon. I have sent for the  
American Cyclopedian  
It will come in your  
vance to Logan. Wish  
you would take charge of  
it for me. I want to  
get the whole set as soon  
as I can will take it  
monthly at present. Guess  
you are acquainted with  
~~the~~<sup>work</sup> I want to get Webster's  
dictionary this winter  
Will commence delivery  
to morrow. Am afraid  
my delivery will be bad.  
And you think my

picture good; Thanks.  
When are you going to  
send me one of yours?  
Havent you had some  
taken lately? Would  
like one very much.  
Frank has stretched him-  
self at full length on the  
sofa & has given way to  
monster sleep, and I feel  
like I was on the same  
road with a first class  
ticket. Alice heard from  
(By Frank) & she will not visit  
the ranch till next spring  
or summer. Have you  
heard from Mr. H. of late?  
Had a letter from my  
little brother James, all  
are well at home & they  
are engaged in shucking  
corn. Wouldn't I like  
to be there just now.

know I should enjoy my-  
self very much. But  
here I am & here I am  
likely to remain for some  
time — I must be off  
soon in the morning &  
will not trouble you  
with my nonsense any  
longer.

Remain as ever  
Your most sincere Friend
