Mrs Nora Keam

Sister Nora I have wrote
to Will but for fear he does
not get the letter from Montpelier
I will write to you at Logon

Nora I can never write to you and
tell you how I have suffered
since I saw you but I hope I
can see you and tell you

If Mast comes there for that
money tell Will not to pay
him one cent of it but have
him arrested as soon as he
sees him for he has gone
again I was sick he drugged
me with Morphine and then
compelled me to sign the
deed for the home and then

left the next day before any
one knew any thing a boat it
I am just able to be up now
I do want Will to put as many
men on his track as he can
I will give you reward for him
if he is found and brought back
I never can die till he is
punished he has wronged me so
I am a lone today more of the
few have been to see
me he tried to make them all
enemies to me like ^{he made} you and
Will I have got nothing to
live for now ~~Wretched~~ ⁱⁿ ~~in~~
and my heart is breaking if
could die and be out of my
trouble no one knows how
much I have suffered from
W's treatment to me

I cannot write any more
to night More good by

Esme Will
