Pahmusa April 7th

Miss Sarah Crockett
Near Grand

I was pleased to hear from
you in your letter which I
received a few days ago
I now take the pleasure of
answering it - Pa and my
little Brother has just gone
home to day - we are looking
for Mr Garrison every day he said
he wanted to be here by the
first of April - we are having
such a nice Spring there has
been no rain until to day
there was a nice little shower
but sun is shining bright now
it most always rains or snows
on Easter Sunday here but it

failed to this Spring the farmer
all feel encouraged this Spring
they are all at work in their fields
here they have the most of their
small grain in - I have made
some garden - I have my beds
all ready for my flowers but
think it most too early to plant
the seeds yet - I do love to
see the Spring come I ^{can} be out
and work with ^{my} flowers and
take care of my little chickens
I have more yet but will soon
if I have good luck with the
 hens I have setting Mr Webb
says I must not count my chickens
before they are hatched

I am glad for you that
your school is closed and
hope you very enjoy your
self during the vacation
Write soon

Yours Friend
Emma Webb
