

of her days for the kingdom of
God. etc she went through the
Temple and finished her days
work and was about to return
home when she remarked how
curious she felt and how weak
so one of the sisters insisted on
coming home with her and
she talked as they came and when
they were on the dugrad ~~and~~
aunt Mary said she had not
got over the Spirit of tongues
yet. And the poor soul fell
in a paralytic stroke from that
time she could never utter a
word. They brought her home
helpless and when we undressed
her and put her gown on
she was Stricken on the other
side and after that never moved
a particle except as the Paris
moved her and at 3-20 min

after 8 in the evening she died.
~~And~~ Just as we ^{returned} ~~went~~
from the Grave yard when we left
our aunt Mrs Lyman came.
Did Bro Jones write to
you as he promised, he would
if so what did he say?
Will Em. Give up
now?.

Mrs is some little
better but has the dropsy
so bad she can hardly move
about she thinks at the least
you might write her once
a week when she is so lonesome.
Pa will soon be home now.
When you come home wa says
be sure to pick up all your
reading and bring to her.
We have had Radishes nearly
3 weeks. now I wish you were
here to have some with us.
