Dear Irand Babes

I am still here laying over expecting to get better of the rheumatism. While I am here I have been thinking all of the time of yound wondering if you have closed school I make myself believe you have quit - judging from your letter since you surely will quit + take the best care of our boys. I cannot make the report as ~~of~~ ~~spring~~ we can sell something. I am feeling down for many reasons first I have had no letters second am quite lame + will be compelled to lay over as expenses I have almost 100 orders 67 Despes + 31 histories which I think quite good for the time I have been away. There is a good field for making money. If I had come here instead of going to Kovic I would have been on good footing. I shall work this country good. I will tell you of a plan I have in view next summer & see what you think of it. It is this I shall get a Spring wagon + a tent + get 2 or 3 good young fellows John + Miller for instance + canvas Monte thoroughly. I believe I can

make it pay, one grand This summer there was a
lady camassid. It a lone + sold 900 tocks In Chase.
+ the Life of John D. Van her husband has been sick + was
traveling for his health in Urepe + she made money to
pay his expenses He started home + died in Denver
+ she is now sick + cant finish her delivery if a
woman can sell 700 I + 2 or 3 fellows ought to sell as
many + by taking a team + outfit our expenses will
be a great deal less Further perfection of the plan
I shall tell you when I come down You will have a
part to play - I have my work layed out for the
winter + will make it pay if all is well + the R
will let me know. We shall see the Station! I shall

with the rest this coming season + that will be
grand. Hoping you are all well + you will take good care
of your self Wesley + Mitch + let the school out

By the way how does winter look down there is has
snowed its on the hills here some in the valley but that
has all gone I hope all is well at all south Monty
wrote me + said that Jason had done nothing I
have not heard from Duddabans yet

With much love and many kisses
you all
I am Sir Yours
