Dear Mother
Had hoped to see you
long before now, but
time is so crowded on this
end & you seem to be too
busy down there to come up
here. When are you coming?
We will still be most happy
to make all arrangements any
time you say - the sooner the
better. Meant to write you immediately
on receipt of the birth certificate.
It was a splendid thing to do - your
own hand writing too - but always
so nice things. Loads of love to all
for Easter & especially to Mother - your
Milton.

It may be just your thoughtfulness
It may be just your way
Of thinking of nice things to do
And helpful things to say,
It may be any one of these,
But this I know is true,
They all are perfect reasons
Why I think so much of you
