Dear Grandma -

Well here I am back at the
quind again - with school just starting
there is the usual rush bustle and flurry
but I want to take time to write and
thank you for everything - It was really
nice staying there with you and getting
better acquainted with our dear Grandma -
She did appreciate it -

Its Wednesday already - the
first half of the first week already past
it seems time just fairly flies - She
had a nice trip home and its fun seeing
all my students again they seem so
genuinely glad I'm back that it makes me
feel good all over - I promised myself tonight

Vertical handwritten notes on the right margin, including the word 'Grandma' written vertically.

that I would write Jean and Carl and several others
I'd better make this a bit short and write more later, the
family all seem to have along with you
