

Oct. 11 - 1931

Dear Dad & Mother -

It has been a long time since I heard from home. What seems to be the matter up there? When are you folks coming down anyway -

Winter is here too - the nights are very cool

Well Uncle Archie has gone home - had to be there yesterday; he stayed four days & nights with us - a funny old cager. He has his eye peeled again I think he has Aunt Rosie in mind - wouldn't that be a kick -?

What is the latest on the Temple movement and how is every thing at home. Is Ken - planning on coming down this year - Beulah says she expects to go to the P.D. to practice next year - she certainly seems to like her work this year -

Mrs Ward hasn't been expected to live for quite a while. Sugar diabetes. He dropped from 160 lbs to something like 85. The whole family had their urine tested and even Mauder & Jean have heavy sugar so it sure looks of bad for the whole lot.

Princes are in Nebraska and Prince had a

bad spell. Herrimans moved back in
their house, had it all newly furnished
and it looks fine

Mattie Hansen's son has called here a
number of times and now is living in
Herrimans apt. says he is going to try and
bring his mother down this winter. I went to
Sunday school this morning but didn't see
many I knew. It was crowded tho.

Bob's father is a lot better since he has
been taking Bob's medicine. I sup and around
a little in the yard -

The baby is beginning to talk. Climbs on the
tables and telephones. most any time he wants to.
He took the Sat. Past to night and was looking
thru it saying e-e-car every time he came
to the picture of one. He hasn't felt so very
good lately as he is cutting 4 double teeth but I
guess he will manage it all right.

Dad is Milton getting along I haven't heard a
word from him since I was up there. I guess
business is tough every where -

Well this is all the news I can think of
so write and tell me what you have there -

Love to all
Dad & Riskie

My Dear Girl,

I got your 3 letters within a few days. It is a nice feeling to hear you are having a good time and Leo is better. Hope he get O.K. soon some bad days now and again but it is only B.L. weather rained yesterday & hard last night snow on the hills & sun shining to day. Some better weather looks to be in store for a time yet. Everyone well as usual Denis has one tooth & J.R. found it first others showing up. Just a little cross now and again. Shows a marked degree of intelligence and it pleases Rodney & he asks me do you think she is as smart as Rickie?

Well the boys are fencing stackyard to day. Ma. & J.R. was deer hunting yesterday & it rained more or less all day & last night all night & hard at times. The boys are getting on fine on ditch B.L. is hauling gravel & Dan & was to Mt. for

Montpelier National Farm
Boon Association

cement one day. ^{hard} on him &
 he thinks it is not right for him to work on
 ditch & feels very bad about it. J.R. has 2 done
 in Q & D places & ours next then on the 39
 ditch next. If weather keeps fairly good they will
 get all done this fall. Martin Hansson's boy
 died yesterday morning. I was in town Sat.
 stoped in front of J.W.C. waiting K.W. to do some
 buisness. Dora came out & talked a few minutes
 had to wait on train but sed she would be back in a
 few moments. Meantime Mrs. Neilson came a bright
 2000 30 minutes she was very talkative & insisted on
 coming in & seeing & visit a while I promised to but as
 soon as she left Dora came out & told me she had such
 a bad pain in her back it was almost killing her, tears
 came in her eyes. she sed she was a big baby to cry about
 it - but could not help it - said she had to go in & lay down
 for a while & see if would stop I told her if she was that bad to
 get in the car & go home I'd take her so she did, & when we got
 there she laid face down & the cot & I worked her spine over 30
 & helped it. Some trouble of the Liver or stomach, may get
 worse. am going to town to day & if worse will tell you
 to night. Will looks worse Lyman think he is & so do
 I. Will pipe full & I have no said much your little fellow
 is still in same place. Have not maid my bed since you
 left no change shirts K.W. & I miss you. we sure do. Will
