Dear Mother -

I am here in Owens much still - just two weeks - and the folks are slowly improving I think. Grandma had pneumonia and will be in bed for another week I guess & Grandpa is just had off was up for a few days but now has had to go back to bed indefinitely - We go home once a week and water then goes up good Mrs Wright looks after the mail etc for us - I wish you would come home - I hope to be through here by Sat. anyway.

Your book did not come and Bob says the people who

took over the Hollywood  
concern have gone broke  
and someone else is taking  
them over so you better  
sit tight for a while

How is Doug. by now  
better I hope. Pneumonia  
isn't the most pleasant  
thing in the world to have  
and it takes a long time  
to get over it.

I did not get to send Dad  
his Birthday present until  
last Sat. Although I got it  
a month ago - a blue shirt  
and a picture of Rich from  
Rick. I only had one <sup>besides mine</sup> so  
I sent it to him. It was  
unusually cute, one of Austin's  
fine ones.

How is everyone up there

making it - Fine I hope.  
Jimmie Crabet was in  
Long Beach & I saw her for  
a couple of hours the other  
day. She got your address  
and said she would look you  
up. They said Fabian was  
doing well I like Jimmie's  
man very much.

Well it is time to take  
off Grandmama's mustard  
plaster so will close  
Hurry on home -

Rickie is getting so cute  
& you are missing all  
it. Tell B. to write &  
plan on coming down for  
Thomas -

Lots of love to all  
Dad -
