

Dingle Idaho

Aug 1, 1933

Dear Mother,
I have been thinking of writing you for some time but just have not

arrived at it until now. I hope all of you down there are well & doing fine. We are all the same as usual here. Dad feels kinda punk at times but at others feels good & gets out and works a little.

It has been good & warm here (96° in the shade) but it rained a little last night & cooled things off considerable. Quite nice this morning.

We have been haying for the last ten days & every thing is going fine. hope it is as well with you. If there is any real news Dad has probably told it to you at least I can't recall any sight now that would be of any interest so, will get to work & write more next time.

I am sending you Fifteen (\$15.00) dollars to come upon & hope to see you soon I would be best to wait until after the middle of August when it will not be so hot as it is now.

Give my love to Aunt Rorie, Ida, Pickie, Bob & all of our friends.
Lots of love
Garnith
