

July 27-33

My Dear Nora:

Just a word in this letter to Mr. Wright & save 3¢ Got your letter yesterday & was pleased to receive it. I was in doors all day yesterday. Just a little tired from a ride I had with Rodney out to ~~Grease~~ Grease Wood Island to see if there are many hoppers there <sup>and</sup> where it use to be lake it is dry & grass growing and a lott of hoppers ther so he is going to build a catcher & gather some On the School Sec. of Sugar's ther are <sup>so</sup> thick they had to quit mowing with the tractor & his machine work all right he can gather a lot of them and save grain and it will be better for the turkies too.

Will it will pay you to take a run up if you can only stay a short time it will do you a lot of good to see ~~the~~ <sup>the</sup> place

and the kiddies. It is to bad about  
Hansen. It might be that he can't <sup>take</sup>  
the bank rupt law not being a citizen  
of U.S. and by doing it I think when he  
comes to take out his Soc. papers it  
will bar him till he pays all just  
bills against and Judgements  
must be settled in full. I don't think  
the judge will grant him the right to become  
a citizen with such a record and it <sup>may</sup>  
be that our courts will not allow a foreigner  
to avale himself of this law. Have your  
attorney look into the matter well  
Change your buisness so you can come  
+ be away a while the middle of August  
It looks like it could be done. Get the  
Wrights to see to the place. K.D. is  
sending you a few dollars to come on  
the kid wants to see you if looks like you  
should come. Every body is working hard early + late  
They all join in love to you Will.
