

Dingle  
Nov. 5 - 1930

My Dear Nora:

Here it is Wed. 10<sup>30</sup> and I am  
along J. R. & K. O. are running 2 tractors &  
are plowing till 100c at night. Will get 15 or  
more acres done to day. Very fine weather  
Norma has gone to Mabel's to wash and  
etc. M. A. Geo. Clard have gone to Herman  
to get his sheep. Things are moving a  
long fine. Had good weather last - WK.  
& thrashing is over K. O. did the most of  
it alone ran the engine & separator both all  
but 2 da. at last - Just one WK commenced  
on Sat. & finished on Sat. over 3000 bu. &  
They did Ma's at same time He never  
went in the field once all grain was  
hauled from field. Weather fine all the time  
and is continue on. 75 acres more to plow  
& will do that this WK. if all is well.  
W. W. has gone with Ford appraising & da

Was out yesterday. I was at Geneva  
Mo. appraising land they came and  
got me and put me home. A hard trip.  
J.R. at the Arbitrators meeting which took  
5 da. Theirs findings were made up on  
my birthday. Will I am sending you a  
copy of same. Just think Baker and  
Warner turned against the Co. and just Rodney  
and I fought alone. Will tell you all  
about it when I see you.

Well election was yesterday I have  
not heard the returns. May get them  
and send to you in this letter as  
it will be to late to get it off to day.  
You will note that only assessed 90¢ per  
share and they got V. 15. just 25¢ more &  
so good a settlement as the boys offered  
them. They sure are peeved & on a just  
the same as I am. Had we been considered  
the same as they we would have made a good  
settlement.

evening just back and this is the  
news about the election. every  
thing went Dem. in the County but the  
undertaker, F.M. Williams. Your be  
loved ex Bp. was defeated by Milford  
Williams 200 votes. Haddock defeated  
Chris Fuller 1000 votes. Hulme came  
closest to Athy of any one B. Ben  
Ross got it over his man for Governor  
10,000. Ch. E. Borah won for U.S. senator  
which I consider good. Norma has just  
come. I hear her car. Well Ch. W. & Mammie  
will take me to Lava to morrow if  
is well. Then if all goes O.K. on the  
arbitration & they pay up I will begin  
to think of coming to L.B. That is if  
you would like me too. It is just like  
this I have been having opposition in  
every thing even to the smallest detail  
that I have just had to have my fighting ~~up~~

on all of it

that I am so cross, just like a bear.  
~~that~~ I think ~~that~~ I would be very  
undesirable to have round I sure can't  
stand stuff being pulled off a long the  
old line. And beside I will not come  
with any money or credit like I have had  
be fore. As Tom. Mumford's Father once said  
There is no dis honor in fighting if your  
cause is just. And I sure have had a  
sege this Summer a little help would  
have been acceptable several times

Well if I find I have lost or start  
to I'll just change my course & go again  
The fight has gotten under head way  
and going good. It is Hell at 71 when  
one should have reached The Haven of rest  
to have to fight for a place to cast anchor  
Well It will depend how the game  
goes just when I'll be on my way

and I hope for a change for the  
best. In laws seem to cut a lot of ice  
nowadays. Well Ezra Allred of Paris <sup>died</sup>  
dead yesterday from stroke first one  
knocked him for a roc of ash cans +  
the second one for the final count + it  
happened about noon. As usual all  
here ans. to same report well as  
usual. Work going fine + weather good  
J.R. & K.D. will plow till 10 to night  
Norma has taken over house keeping the  
last 2 da. but is not making a very  
good stagga at it - as yet. It sure gives  
me a pain the way it - is going. I'll quit  
for now now + finish later. I wish you  
were here to night - and it might not be so  
lonesome. Had a nice letter from Helen to da. +  
one from Ruth a few da. ago.

Thurs Morning

Off to Lava to day

W.V. is going to take me & see  
Little Daria Weather just fine  
J.R. plowed till 10<sup>th</sup> / K.C. till ~~12~~ 12 O.  
nights are cold and freezing  
hard. Had a letter from  
Helen all is fairly good  
Love & Best wishes and  
Love to all

Would like to see you  
& tell you lots of stuff.  
Will.

5 Crockett Irrigation Company:

6 The above named parties having heretofore agreed to  
7 arbitrate their various matters in controversy between them,  
8 as set forth in the stipulations and agreement to arbitrate,  
9 which said stipulations and agreement to arbitrate are attached  
10 hereto and made a part of this judgment.

11 And it having further been agreed between the parties  
12 hereto that G. H. Hall, T. M. Mumford, and J. W. Cook, should  
13 hear the evidence in said arbitration and render a judgment  
14 accordingly, they, the said Arbitrators, after being duly sworn  
15 to perform their said duties, convened at Dingle, Idaho, with  
16 all the parties present in person, hearing evidence both oral  
17 and documentary, and submitted to said Arbitrators on behalf of  
18 all the parties interested in said controversy.

19 THEREFORE, we, the said Arbitrators in the said matter,  
20 after carefully and impartially considering all the evidence  
21 presented and by personal examination of the ditches, canals,  
22 and other property owned by the said irrigation company, do  
23 render our judgment in the said controversy as follows, which  
24 said judgment shall be filed with the Clerk of the District Court  
25 of Bear Lake County, Idaho, and shall become effective five (5)  
26 days after filing of said judgment and the service of a copy  
27 of said award upon each of the parties hereto, to-wit:

28 As to Article No. One, in the agreement to arbitrate, the  
29 judgment is: That said Company's canal begins at Bear River in  
30 said Bear Lake County, Idaho, at the point designated in the Court

and runs thence as indicated on the Company map, to a point on the Ream-Crockett branch marked on said map as the "end of ditch" by the surveyor.

The Oakley-Sirrline branch diverts from the county road through Dingle, Idaho, where the canal crosses said road, and extends Westerly to the East Boundary of Wm. R. Quayle's field, West of the Utah Power & Light intake or right-of-way. The descriptions of the two branches and the main canal herein mentioned you will find to be the said Company's canal and branches over which it has jurisdiction.

As to Article No. Two, in the agreement to arbitrate, the judgment is: We have examined and passed upon all bills and claims presented to us and find the total indebtedness of the Company to be \$2252.14, and have determined that such expenses shall be paid by an assessment of \$1.15 per share upon all of the outstanding capitol stock of the said Company and the said assessment of \$1.15 per share is hereby levied against all the said capitol stock for the payment of said debt and the same to be paid on or before December 1st, 1930, and if not so paid to be collected as provided by law for the collection of assessments.
