My Dear Girl:

Your last letter came today and several others. I have been busy all day. W. J. & K. W. have been to the Quarry for more stone to finish his chimney. Arno Tuller is doing the work. Tony could not come. K. W. is very bad & has been for some time. It has been terrible weather snowing & raining with a lot of wind and a lot of damage has been done. 16th snowed & J. B. lost 25 nice turkeys but I think he still has over 10000. He is the largest grower in the State and has a very fine class of birds & I think he will make a little do this year. Well I will be looking for you. I had a letter from John & he will be here round 24th, after he leaves Chauteau so you should get here around the first of the Mo. a few days ahead & get located. Everyone here as usual pretty good in health & other wise Louis is home. Helen can't & has gone back to Provo. call for 2 or 3 mins. all I saw of her own writing on the 3 legged stand I have & can't do to get

We have been having bad
weather here every since I got home
Mon. morn. had to quit last night so
will finish now. Have to get a line off
of B.ulah. Still it frosted last night.
K.L. & Jean got a load of rock yesterday
to finish the job. K.L. seems quite happy now
as he will get it done in a few days. He seems
a little better. I am about the same just
the regular depreciation only a little stronger.
Am getting round every day. Have 2
boys at work round house & got
to we will take out fit & get to the
senetry this afternoon & do some work
there & get a lot of little jobs done as
I am getting short of time to late
home this summer & lossed a lot
you can see when you get here I
suppose you will be here about the
first as you will want to be here
a few days before the Timms get
gets here. Berg just in & wants to be
shown what to do so this is all
for now Love Will.
