

My Dear:

San Leandro
4-8-38

Here is another day
and 12:15 PM

I am expecting to go to Frisco
this afternoon to see about a truss
nothing can be done till I can hold
hernias in place. So my time will be
calculated by the time I go home
If the thing can be done I will
have to be back here for the treatment
Out-look not so good but, that is that
^{present}

Pretty Kitty & Husband have come to take
me to Frisco, so will ans, when I get back
well here I am back + next day P.M.
well I got a truss and it seems to do the
job. I sleep in the old one + today is first
time Bill put it on + I've no trouble yet
and it feels good. I believe it is just the
thing, I hope so. It seems so good to be true
when I learn now about it I'll let you know
I am on regular + if there any good from
eating I am going to find out for sure
now or never. Have not seen any one
but Kitty. Mrs. Kusnik Sr. said he I would
see + arrange with her so to wait is
the system, since has gotten bad since
I got her and it makes it hard to hold it

Helen got a letter from Helen May & it said
Mamie got her leg broken 4 in. above the
knee, 17 or 18 of Mar. and was in hospital
had been 3 wk. & had bed sores. Has a 15th
weigh leaning to her foot. E. W. was lamming
and it was tooming & his losses are heavy
This is all Helen reads to me. It's bad news
Oh! yes the mamie got hurt by a table fell down
it gave way under 300th of pork & fell on
& broke her leg 4 in. above knee. I can't see the
words I have written - you will have to guess
signing off till morning

Sunday. Bill has gone to meeting & Helen is a
busy as can be, but all are pretty well & the weather &
flowers are grand as usual it is the bay climate -
Gless and Cordor's wife called & I got to see her
quite nice looking. He has another yr. to go yet -
He is still commuting to school from Glesses as
I understand. I put my truss on alone & it seems
as yesterday and I sure am glad

Have not seen anyone but pretty Kitty Kelly
she seems very nice & is still on the job
and in good health so far and so is Helen.

There is not much else to tell only 17th is
my weigh now This is all till next time
Hope you have all the good luck & a good
time and give my love all
Love as ever (Will)
