

My Dear Girl

Dingle  
7-22-37

Your letter came yesterday. Seemed a long time but we were all glad to get it. Haying is on now but I haven't been out of house this wk & the last 3 days have been in house most of the time. My left eye is improving slightly can see to read a very little & can write some and I am glad for it sure was a drag the way I was. I do hope it keeps on but my right one I don't have much hope for. Yes Bill got home the day you left but stayed on a wk longer but was no of any good. Had a letter from him & dad and mother. The day he left a air mail letter came telling him to stay till Aug 25 & I persuaded it. The folks wrote a very nice letter. Bill wants to come next summer & have his Bros, but will come a home if both can't come.

I am not considering for next  
Summer. It was sure a let  
down for me. Don't feel like I  
to consider anything any more.  
I got word a bow. The Muskley  
Lak it is going over on 19 of Sep  
win or loose. Notice soon will  
be in the paper. The end of the  
game & I hate to loose out but  
things will have to change soon  
or the game will be lost as I can't  
cut the mustard against the  
odds I've had & it does not look  
like I'll get much of a break  
now. Well I've sent for my tools  
got word today its on the way.  
Hope it is OK, as I sure need it if  
I go round very much.  
K. A. R. at the canyon -  
cutting & peeling & dragging & piling  
186 trees had 30 peeled all up  
but 37. Has night & 9 piled. They  
will finish by tomorrow night.  
Having any accidents. They have  
gone every day since they started  
& now get them - & will save

home, ready to start to build  
They are working hard both of  
them Ruth puts on it over a cut  
goes after it with a vengeance she  
has good pluck & they ought  
to win R's milk as I don't  
finish at 10 P.M. & is making  
round 40¢ back a mo.

Tell about the Box of shells  
it is sure strange & you sure  
don't know a thing about?  
That big shell got away last  
year while you were here &  
now a big box is gone & my add.  
went out of my room last month  
while I was away & the Devil  
only know how many things  
have besides many things I  
want when I go to get them  
has vanished & hid away  
a side & nothing but my big  
spoon has come home & one  
night all by its self it must  
come all a boy for it was  
laying on the table next

and was I not glad say I was  
& now I make myself & my  
heart content & its good to  
I'm getting nervous so  
I will quit & go out & out  
a few wead. Jim Bill left I  
could not get any water for  
my little trees most are dead  
& I guess they will all die I  
carried out of slops & waded thru  
before noon. Well this is time  
with the rest of things so  
what is the difference?

Been hot the last few days  
& may rain soon

Well I guess this will  
do for now so will

Tell the Kiddies I am glad  
they had a good time out here  
I hope they will have a better  
one. Best wish & love to them  
& I have regards to Mrs Thomas  
& the rest of any of my friends  
say a thing Love Will,
