My Dear,

I suppose K.L. will be with you to night & will tell you all the news, so I'll mention events that ^{passed} since he left Doug & the 3 kids stayed here last night left 10 to Monpelier then to Bloomington, will be back to a turkey dinner with J.R. & Norma. They all seemed to have a good time. Doug took his car & fower & kids & I went with them & we went to the cemetery & Doug did some work & things look nice. The lilack will be in full bloom if you folks get here by the first of next wk. We will be looking for you a wk from to night.

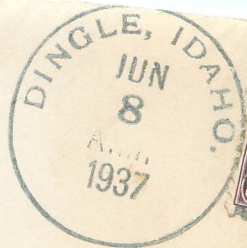

I enjoyed the folks very
much & they all seem well
and happy. Dug think he will
see Maria in Leath Wash.

I am about the same
can't work much and all
does not go as well as I
would like. Hope it will do
better when we get lined up
Weather is going to be nicer
than it has been it seems

This will be the last I write
& look for you till you get
here. Got your & Ruth's letter
some time there is not much
to tell so a long

Love as ever Will

P.S. My head aches quite
badly
