March 1st 1945.

Dear Mrs Peau,

Alan and I were so happy to hear that the Doctor and her children are safe and well. We do hope that her husband is well too. Maybe he is some where up in Baguio.

If and when the Doctor comes back with her family we would like very much to have them visit us. We have a chicken and fruit ranch up in Yucaipa, which is about 70 miles from Long Beach. It

is close to Redlands. If the Doctor could drop us a line or call us up (YUCAIPA 841) we could tell her how to get here. It is very pretty country around here and I am sure she would enjoy it.

When we first saw Lee he was only four months old, the cutest baby we have ever seen.

Our son's name is Lee to. He was 2 years old last week.

You probably remember us Mrs Ream, we called on you several times.

We are hoping for some more good news. Sincerely Esther Johnson.
