Dear Gramma Ream -

Just a note to go out on Toft -
Tomorrow Bural has a vacation of 7 or
10 days - We are going to Baguin. I
hope baby decides to come while we are
up there -

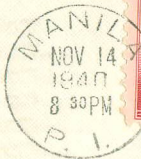

Fabian came down this last week
end. It was nice to see him - John
rode back with him - Every one up
there was glad to have John back -
John was proud to ride back alone with
his Dad - Fabian looked fine but had
had a bad cold. He says the girls are
managing the house and everything

beautifully. I'm awfully proud of
my kids especially after I see how
honour + dis obedient, and inconsiderate
other children can be. They are
inmatey good and then Fabian and I
have made them earn by good behavior -
etc. any favors they get - It doesn't pay
to be naughty (in other words) then

I think children should be treated
as human beings not objects of
adoration - many children hate those
who worship them - They do not respect
them.

Much love from Ruth.
