

my plate I tried to see him but was  
unable to locate him - Tho, on the phone,  
he <sup>says</sup> will be up to Baguio soon. The pictures  
are nice. Ida looks lovely. And isn't Jean  
fat.

I just had a nice visit with Beulah -  
staying part two with Helga - Jamie Alger  
and with Beulah. B. gave me gas for  
the extraction and later I had bony process  
in front removed. It is so hot in  
Manila now. One just wilts. I swear  
I'll never take Kate to the lowlands again.  
She loses weight - her stomach gets  
out of order & she is always afraid I'll  
run off and leave her.

I think another is sailing on July 3rd

Baguio.

Dear Gramma Read -

I hope this letter finds you  
feeling better and better. Mr. Hartnell  
called at Beulah's office and left you  
gifts and snapshots. We thank you  
for the remembrance - but remember Ruth  
appreciates a little card or letter too -  
Silk hose are a little drain on you and  
you need your skeeks. The children  
adore their handkerchiefs - Fabian  
had saw a talk with Mr. Hartnell. I put  
off my interview til a late date as I had  
all my upper teeth out and had gone  
into seclusion at the time. When I had

unless she has connected up with you to  
have other plans... She spoke of doing that.  
Any way, poor woman, when she got home to  
Portland her rooms had been let out for a  
year - so there she was without a home. I  
think she will enjoy a trip over here. Now is the  
time to take one.

When mother comes we will all visit together  
in San Pablo for a couple of weeks. Helga has an  
empty furnished house on the compound - that  
we live in when we go down there. The family  
that lives there returns in September so I shall  
get my visit in before they return.

I expect to have my party in December.  
I will have it ~~and~~<sup>in</sup> Beaufort and hope to have  
enough warning so I can telephone to Duluth so  
she can dash up by plane and do the honors.

Tell Ida I received her letter and shall  
answer it very soon. One letter a day  
seems my limit. Tomorrow one to your spouse.

Lots of love to you all.

Ruth

Fabian seems much better lately. Last month he felt  
rather low but seems quite normal now.
