Dear Dad:

I am very pleased to receive your cards and to learn that Mother is still doing nicely. Wish plenty of rest and care with light physical exertion. I feel that she will be O.K.

I've thought a lot about you & the more I think, the stronger is my feeling that you should stop that treatment for your pains. Ask Dr. Ransom to examine your spine and don't overlook that swelling of your fat.

Hear all O.K. I arrived as per schedule Monday A.M., found work had been slipping away etc. Very busy since.

It was quite a surprise to learn about Uncle Leonard - too bad, but somehow those things do happen.

I didn't tell you that B.T. Wilson & Eulala are now in Auckland - since Nov. I haven't heard anything more yet except that Milton says the Boat doesn't have to take the bonds. I still think you should be cleared to protect your property.

Love to all. Douglas.
