Dear Mother:

I'm actually ashamed for not having written sooner. No special excuse except the old one as to time. I have thought of you often & I'm sure all is well otherwise we would have heard.

When you write you must tell me all the news without any annoying you with all the questions.

I think Luth D. is a fine practitioner in law & you must tell his kelle for us. Forry Lunde was not here to meet her they seemed to have passed enroute.

We were very pleased to hear of Loda's good fortune & we all hope she strikes it rich & further that she is able to handle it successfully.

The family returned just 4 weeks ago & it seems like only yesterday. They had a nice time as near as I can see.

I have not heard from the old home since Beulah's return, except a little from Luile. I suppose they are all doing very nicely.

Kenneth I suppose, is undingle & his wife now teaching? Does she stay with you?

I have been kept quite busy ever since last spring. It runs in streaks though - First surgery then a rest - office cases etc. In all it keeps me on things pretty well. The area all well & the baby is surely growing well.

It's a model baby. Almost sits up alone.
Lucile will be sending a picture in a few days.

I talked to Paulah over phone 2 days ago & she O.K.,
said Milton & family were too - but haven't seen them
for a long time. - Not since Kenneth & Ruth were here.

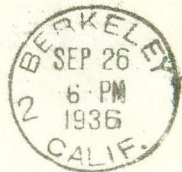

I don't know what else to say so will close.

See every body, hello from us all.

Lovingly by your kid

Douglas.
