Dear Hazel Dawn - we were so glad to get your sweet letter I should have answered sooner, but have been very busy.

John left Saturday night - at 8:20. We sure did hate to have him leave. He did not want to go back and would be so glad if it were all over, so would we all. We had such nice times while he was here and wished you girls could have been here. He would like to have gone down to Long Beach to see you all but he helped Daddy as much as he could. Well Helen has been busy sewing make her a darling red suit - and a navy blue slack suit - all wool. They are so very nice. Then La Var came Monday morning on the Portland Road - she met the train - well I heard it - whistle soon after she left here and said "I know she cannot make it." well she called me up later and I said "did you make it?" she said "I just did make it - across the track I mean at the crossing said there was a train

coming from Fern too and she was almost afraid to cross. Said LaVar saw her there and watched her race the train in and just did beat it. They went out to the Lake and had a good time then came home about five. Helen made a cake I had meat and vegetables cooked. Helen and LaVar washed the dishes. Then yesterday they went to Salt Lake - took the car. I think Helen will come home about Mon. She said she would write to you and J. E. when do you go to night school? Be sure and take care of you selves. Yes, I think you should write the B.Y.U. about school. Ask them if it will be alright to use the scholarship award (of twenty five dollars) next year. Tell them you are ^{would like to go to school this year} working and saving your money to go. I do not know about going to Cal. we wrote Milton that Daddy would come he was to let us know if it was satisfactory but we have not heard a word. If we go I want them to go around by Long Beach but Dad says he can not tell he may not have time. So you better make up your mind of what you want and we will send it. It is almost Nov. Daddy may not get off until the first of Dec. Had a letter from Aunt Eva near Ruth left Sun for Logan - will go to the A.C. name from Ruth for two weeks she went back Sun. I think she likes her work. I will try & write to Mary Lee if not let this be for her too. How is Grandma give her our love. Do you ever see Ken & Ruth? Margaret had a letter from Ruth.

Love mother
