Dear mother Ream

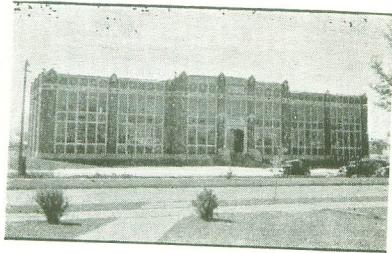

I have been thinking of you so much - hope you are well. And that you have heard from Jean. We got a letter yesterday from Charron Florida - thinks he will be there about a month. Today we got a phone call from the express office saying there was a briefcase from Charron Fla in his letter he said he was sending it home I am sending him some under-clothes today. I sure hope they will keep him in the States. He says he had the interview and they told him he has passed all the tests except radio sound so he could have anything but radio operator. He chose Lynd Farmer Const. in Airplane mechanic second and Radio mechanic I guess we will know

more about it - next letter we like St-Petersburg but did not get a pass to see the Town. Say Clearwater seems to be a nice place. Has a large room on the 5th floor in Hotel Fort Harrison - five boys in the room - can look out over the Gulf. Weather wonderful.

We are sure having cold weather here sun seems good to have it so nice and warm in our house.

Mary Joe has been working part time, at the High School, all winter-typing - she is going down today she is feeling better. I don't think she will be going to Long Beach we still do not know what Helen is going to do. When Helen wrote this letter - I had just sent the card so said wait and we will write a little more. It just seems like Henry does not get to write - he works out so much - then he is cold & tired and just puts it off. He has had some animals die and has been skinning them - Haven't seen any of the folks for a long time will try & see them soon and will write soon! Love to all.

OFFICE OF SUPERINTENDENT

MONTPELIER HIGH SCHOOL
MONTPELIER, IDAHO

Thursday Morning

Dearest Grandmother,

The main purpose of Dad's writing to you yesterday was to tell you about Fabian's insurance and then he forgot - This morning he asked me to drop you just a line to tell you that he and the others here are quite sure it is the New York Life but no one is really sure. He would probably be able to find out by writing them.

I have very little time this morning as we have just finished the semester and are busy with grades and new rolls, so I'll cut this short and write more later.

Mary Ida has not been feeling very well she tires so easily and gets so blue - I hardly think that she will decide to come however she may and if she does will let you know immediately.

I haven't yet decided what I'm going to do. Karl is assigned to a squadron for foreign duty and will be leaving soon - I may decide to leave and join him in Texas or Florida where we think he is being sent. It is a hard decision to make.

Give my love to Aunt Ida and the kids and write soon -

Lamie
