MONTPELIER, IDAHO,

April 15, 1938

Dear Mother:

Just got your last letter last night.

The other one came two days ago.

Sorry that no one wrote to you before. I have been going to buy, have been putting it off from day to day. So much to do that when I get into the house and sit down it is just too much effort to move until I have to. I have had a terrible cold for a week now. Don't know what I would have done if Jean had not come home and helped me out a few days. He had a few days of farm work and had kicked home. He is going back to day.

It was on March 18 at night that Mamie went into the other room to get some milk for supper. She slipped and fell and pulled a table down on her. The table had four or five hundred pounds of curing meat on it. It broke her right leg four or five inches above the knee, a sloping break. It took her to the hospital that night but they did nothing until the next morning. Then they just hung 14 pounds on her foot and kept it there for three weeks. (over)

Wednesday they put the cast on. They seem to think that it is almost a perfect fit. But she will have to wear the cast for several months. It may be a week or two yet before she can come home.

We have been having a wonderful winter this year. The worst of it came between March twelfth and April 6th. It snowed every day, just enough to keep snow in the gutters just like it was on the 12th. But it is nice now and lambs are doing fine. I am less than half-lambled out yet, but there has been very little loss.

Love to all from all,
Wesley.
