Dear Saddy Paul,

Here we are in the midst of threshing today, and I'll have to cook for ~~the~~ ^{the} ~~thresher~~ Mitchel was going to write you but I guess you know M.A. better, than I can explain along that subject. He does those things when he gets the time, which he doesn't have ^{much of} almost hardly. Haha, He is planning on hunting deer Sunday the 20th, if he doesn't have any luck, will go again the 21st. Then the 22nd we plan on leaving ^{here} for San Francisco Sunday A.M. are going thru Salt Lake City then take hi-way #40 & out thru Wendover, ^{at Utah + new line} and should be there Monday night or Tuesday A.M. and will see you then. I can hardly wait to get started. It is all so exciting, and I know we will enjoy every minute of it. But the thing is to get to the fair before it closes.

Kenneth is looking after ~~some~~ Youngsters. so we won't need worry.

about them. Ruth and her sister
are anxious to get off, too. The
weather is very nice now. Had a
week of rain which delayed M.A. from
cutting his grain. and we are
hoping it stays good for the trip.
We got a letter from Mother R.
sat. she was well, altho a little
lonesome at night times. but wasn't
afraid to stay alone.

I must hurry now and get
dinner for the men. They are
at W.W. now. if they get thru before
noon. I'll have to get dinner & supper

Seymour Lindsay took Evelyn W. (his wife)
to Salt Lake city Clinic last wed. She
is just like Katherine Serrine was. all
bloated. M.A. learned last eve. that she
is very bad, has water around her
heart. We are hoping that this
will find you feeling very good, and
will see you in a week.

Lovingly
Maanel.
