Mrs. Wm. R. Beam:

Dear Will,

I received your letter last night
& I was so glad to get it. It thrilled
me with the same delight that I
used to feel when I was "Miss Crockett"
& you the absent Lover. I was glad
to learn that everything was going
on nicely at home. When I told
Mitchel that his kitty & kittens had
gone to Uncle Willie's, he said "One
day we doe & bring um back din, when
we do to 'ittle anty." The boys were
pleased about the chicks & little
colt. Mitchel claimed the extra
kiss you sent saying he was "Bosi",
but Wesley said he believed you
meant Baby.

Ma sends her love to you & says
for you to tell Willie to write
her a big long letter. She wants
to hear from him.

I hope you are getting along
all right & not working too hard.
We would all like to see you
very much.

I must stop writing
now for I feel so stupid
to day I can neither write or
talk connectedly. I hope you
will write soon & often to

Your
Nora.

Love & kisses from the Boys & myself
for you.
