

of Arizona are going to work
hard for the Suffrage this
winter and I do hope we
will get it, as there is some
prospects of us getting
State hood and we dont
want it without Suffrage
for the women.

Mamie is staying with us
this winter, as she has one
of our schools, she has
not been feeling well for
a few days. I have been
going to send you our
pictures for a long time
so here goes, thanks for
Douglas, he is very sweet.
E. M. & the children all
join me in love to you all
write soon, your loving ^{sister}
Selvia A. Curtis

Thatcher Sep 17th 1900

Mrs. N. E. C. Keam;

My dear sister Mera
I dont know whether you
will forgive me or not
for being so long about
answering your letter that
I was so pleased to get,
but I hope you will and
that you will show that
forgiveness by answering
soon. It seems to me
sometimes that the cares
of life are too much
for me and that I will

give up in despair, but
I realize that won't do.

we are all well and the
children all go to school
but Ethel + baby Thelma.

May is music teacher
in the L. D. S. Academy
for the Piano + Organ
and is doing real well
but it keeps her very
busy so I get no help
in the house from her.

Ethel + Pearl are doing real
well with their music.

we have had a very
hard season this year,
about the worst that was

ever known here, and it
makes times very hard.
and it keeps us rustling
to provide for so many,
enclosed I will send you
the program of the Reunion
that was held in Layton
last Saturday, as it refers
to the debate on Womans
Suffrage, I had the opening
and closing speech, and
we had a lively time
there was about a thousand
people present and we
gained the day (6 to 1)
don't you think that was
pretty good? the women
