My Dear Friend Nora

Your letter telling of D.
was read to day with pleasure
I have but a few moments
to write you but it is more
than I will any other time
this week I am not feeling
very well Will not come
down for several days may
be the middle of Sept
When I am not feeling good
enough to write you a long
letter - What has become of
Archie? I have not heard of
or from him since you
spoke of him in yours

L is looked for every
day but I am going
to quit looking for
him any more as
soon as I can get
my grain watered
I'll see you for I don't
think any thing else
can do me. You must
have changed a little since
you have seen Frank
you do not sign your
name as before it maybe
that you are some body else
girl. Will you should have
told S. what you was
going to. I will be off
for the North as soon
as I have seen X L

Now you may not be able
to read this if you can't
keep it till I come down

+ I will tell you what I
have written I am not
in a good humor so
you must excuse
I am as Ever Your
Trustworth
Will.
