About her  
dress for the wedding

Logan Oct 28<sup>th</sup> 1883.

Dear friend Will:—

I have been very busy since you left. I have not had time to write. Will only write a short letter today for I have only a few moments to spare today noon.

I have been disappointed in many little ways since you were here - that is I can get few things that I want - they are either not kept or the place is out of the right color or shade. I have been bothered a great deal & had a great deal of walking to do. But I will have to do with out what I can not get for it is too late now to send for them.

It is quite busy time for  
dressmakers - so I could  
get none that I cared to have  
sew for me - come to the house  
I have put my dresses out  
to have made - that will  
make less work for me &  
they will be ready when  
I want them. Well I  
suppose you are tired  
of my talk about such a  
small affair as "dress".

I was quite frightened  
when John told me of your  
escape from an accident  
in the canyon. I hope you  
will have as good luck in  
escaping all danger.

Miss Clara Rice  
will take my school, she  
came up last Monday  
& stayed all day with me.

by the sorrel colt. it was  
a horrible gash & bleed very  
much. I did it up with  
John's help. Ma was not  
at home, she is in the pen  
today.

It will be conference  
Sat. & Sunday. I wish  
you were here to attend  
Yours  
Nora

I have given up German  
+ I attended what seems  
to be my last "Teachers Club"  
for a time at least - yesterday  
+ three declined a position  
of Teacher of Elocution for  
the class. They of course  
made remarks on the  
subject of my leaving the  
school room.

Since you were here I  
have had my teeth re-  
trained.

I expected a letter from  
you yesterday but did  
not get it, but I suppose  
you are busy. I got your  
note written before you  
reached the ranch.

This morning just before I  
started to school Hiti  
was kicked in the forehead.
