Dear Sister Nora I thought
that I would write you a few lines as
the others are all writing. I guess
that you are seeing more of the world
than you ever expected to. and I hope
that you are enjoying yourself as
much as you expected to when you were
away. we all miss you very much
any how I do. and am waiting anxiously
for your return. you can't imagine
how pleased George was to learn
that Edith R. was going to write
to him again. School begins again
a new term next week and I guess
that we will all start.

Did you shoot your squirrel with
a rifle. Give my respects to H.
you must write to me. for we are
very glad to get a letter from you.
are the folks nice out there. I hope so
From your loving Brother W.C.
