Dear Sister Nora,

I thought I would  
ans. your kind and welcome  
letter to day for I am so lone-  
some that I can not content  
my self with any thing. You  
must tell Will. that he don't  
know how much he took from  
us when he took our Nora  
but he must be good to you  
for you can't help but be good.  
I know about how you feel so  
far away from home. and hope

Will that you will be good and kind to you when you are thinking of home and parents and Friends I am glad his folks are take up with you and I wish I was there to go hunting nuts with you those nuts you have sent have not come yet.

but Santa Clause came last night. I dressed a wax doll for Ella and gave it to her. this morning for a Christmas present. We are all going to Annie's for dinner today.

Ma got some presents John gave her a lovely handkerchief white on nice indelible pencil and I gave her a nice pair

Yes I did and thought I would go to school now she let me wear that fine plaid brown dress of yours she said what ever you charged for it she would settle with you when you came back so I would not have to take my new dress for every day I may go to dance to night I do not know yet I went to one last Friday night well I can not think of any more this time but kiss brother Willie for Hopie
