6-11-39.

Dear Mother;

We were very pleased to receive your  
nice letter & to know that you are  
doing nicely.

We are all doing nicely too now.

The baby is that has been fine all the time  
Lucille has been quite low because  
of a severe hemorrhage but  
after a couple of transfusions she is  
feeling much better. I should be  
well enough to go home in a couple of  
weeks now. This nursing the baby,  
which will naturally delay her complete  
recovery somewhat.

We would certainly love to have you  
stop see us on your way to Idaho & maybe  
it can be arranged however from the  
standpoint of free transportation it is  
very doubtful - even hopeless I'm  
afraid - you see I tried supplies

for transportation over a foreign line  
(i.e. outside western Southern Pacific  
lines) and was informed that  
I was not eligible unless I was on  
the payroll at \$100 per month. I am not  
receiving that much money so no go -  
They are cracking down on free trans-  
portation because of other lines not having  
their own doctors etc - at least that is  
their alibi.

Let us know when you plan to em.

We are going to try to get moved before we  
return but the house is not finished  
yet.

I see dear many thanks for the lovely  
boats - they are certainly nice.

I see aunt Marie tells me we hope to see her too.

Loveingly yours son  
Douglas.
