

September 5

Dear Grandma and all:

I am indeed sorry that I have taken so long to answer your interesting letter, but my time hasn't been my own. For the last week or so we have been getting up at 3:30 to go out to the left range. I don't know how long this will keep up.

I certainly do miss my vacations in Idaho. It has been 2nd years since I have been there.

My weekends have certainly can't compare to the ones I spend with you all in

Sony Beach. Neither bang
around camp or go to show.

The new news looks very
good lately. As soon as
we finish the Germans, we
will be able to shove more
men and materials to the
specific area. It can't be
any too soon for me. Have
you heard anything more
from the folks in the P.L.?

Granma, do you think
you could talk that
granddaughter of yours, Mary
Ann, into writing me a letter?
Has she forgotten that I exist?

Give my love to all

Bob
