Dear Mother

I thought of you so often yesterday especially while I was trying to clean up the yard a little - then trying to repair some of the childrens toys such as tricycles & tractors

We had a pleasant day but it was a little lonesome. The missus farrest but we are very happy that he is so well situated - especially with prospects of remaining there about 9 months.

We also missed Nell who was married the night before & they left yesterday for a trip to Salt Lake.

We surely do appreciate your being so nice to the children while they were there. Was it so much trouble or so much repetition I should love to have been there too but one of these days I'm going to try & take leave & we will make a special visit

It seems harder all the time to get away
Sure & it is busy here but that seems to
apply to everybody so now should complain
I suppose.

News today seems favorable but still a long
way to the end -

We are all well here, - I have not talked to Milton
recently

I trust you are all well down here & you
must stay within your physical limitations
so you may enjoy yourself ^{to the utmost}.

Tell the folks all hellos for us; & much love
from us all.

Lovingly your kid
Douglas
