Dear Mother:

Sorry to be so tardy in replying to your very nice letter.

All year I have tried to reserve the month of June for our vacation but it seems that first one or then another thing would come up to prevent it.

For about a week it fell between maternity cases so we decided to run out & pick a closer spot for a week just with minimal travel - where we are about 160 miles from Berkeley.

Very pleasant & we will be home Wednesday.

I am not sure about later trips but would like to go to the Ranch.

Do you know if or when the vault will be ready - we are all well & fine & hope you people there are equally as well.

With love & a good
night

Loveingly yours
Douglas
