

Sept 1935

Ida → Nora &  
Helen

Mon - Sept - 1935 -

Dear Mother & Helen -

I'm glad you are getting along alright at last and will soon be coming home. Jean came the night Walton said he would - I did not get the telegram until a little before 10 P.M. and hurried down with the key just in time. He arrived at 10:30. He has lost 20 pounds and his clothes are simply ragged. I feel sorry for him. Lois wrote and said she was coming but has not yet arrived. I don't know why but Jean said he didn't think she was coming at all which is just as well.

School is quite a grind and I get so tired Jean hardly breathes. Mansue Ward is in my room. Ricky started kindergarten out at the Lowell school. Ida Cooke is his teacher. He is just crazy about it and seems to be getting along fine. The baby is having a lot of trouble with her teeth and is as cross as "Lally Lamereaux eyes" - believe it or not.

I suppose you are going to have quite

a gathering here for your Golden Wedding  
day - I hope every one can be here.  
Mrs. Meehan calls up and asks about  
you every few days - she sure is a good  
friend. Rents have all gone up a lot  
and hardly anyone will take anyone  
with children - so it maybe that we  
will have to build a house after all -

~~Mrs.~~  
I haven't heard from P.D. for a long time  
I hope Ken is still married - and still  
happy. He seems quite contented  
Ruth (Z.D.) said Z.D. did not think much of  
her but that is alright so long as Ken &  
his Ruth are satisfied. I'd say -

Well mother I hope you continue to  
get a long and hi your self home & get  
over the trip down. Every one up there  
seem to be doing all they can - I hope  
Helen feels pretty well -

Lots of love to all - and write  
as soon as you can - Thank Helen for the  
cards - I paid 2 mo. telephone 2 lights - 1 water & gas  
and have \$1 left. That was pretty good -  
Linet. Ida
