

Dingle Nov. 21st - 1909

Dear Wesley

I was very glad to get your letter after so long a silence. I do hope you do not get the fever. Too bad Mr. Daws got the fever. You were lucky to get that job. I hope you are getting on with your lessons. I wish you were here on Thanksgiving - I think I would like to see you here and then I think I would like to go with them.

Papa just got back Thursday. He brought Mitchel back with him. I don't know how long he will stay. I think he will buy cattle to take back with him, as far as Omaha. Papa stopped off at Bitter Creek near Rolins and saw Joan about twenty minutes. Roland was out. They tend to the blocks on that division. They are making lots of money - Boarders etc. and keep the post office. Papa says he did not do very well with his cattle. He shipped one car and he and Chas. Nate took three more. I don't know how they bought together. I don't know anything going back with such a lot of things. Mrs. Marnen Sparks - Ken Nate's mother. We invited Marnie

and Miss Sullivan to Thanksgiving but they
declined as Mamie had invited guests.
Well I must quit for to night for they are
all talking so. I have lost my train of
Thought and cannot write. I must
write a little to Lee and send money for Lee &
I da to come home on. I ought to be dressing
guese to ship in the morning.

Write soon if it is possible than a
card to let me know.

Yo
