Mr, W.W.Ream.

Moscow,

Idaho.

Well Wesley Yours of the 21 at hand and I was glad to here from you and all was well, Make your note for 90 da. @ 10 % per annum. and the next time you can draw for enough to last you through the term. The thing is to avoid paying interest and by letting it run till the last you get time without int, Well Mama and I start for Boise in the morning on No, 5 , will stop pff at Bocatello and see the Kids, we got a pass and thought we would take the trip just for an out, and see to a little buisness that I have up there. If you get through allright Mama will come up and see you when you finish next Spring.- Well about the Stone quorry, I have this to say that if you can make any arrangements so it will pay allright, Remember that the stone claim is only 20 acres & your mama has a filing of 160 which has not been allowed & you will have to be governed accordingly I think it will be allowed before long and at the same time I think that you and Mitchel can take up 360 acres & a little later Lee can dp the same & in this way we can cover all of the good land & stone ground and have it our way. Now if this Mr. Daws will put up the money (Say \$1000.00) to start the buisness and will do as you say & let the 20 acres be the claim why I think it will be a good deal and you can manage the buisness, I am in a hurry so cannot write at length on the subject. There are lots of men that want to handle the stone but I have not got to it yet and I will be glad if you can get some money out of it , I am watching the land and as soon as the time comes I will send you the papers up there and you can fill them out and file at Blackfoot Land office.

We are all well and send best wishes to and Fabian

Yours, W.D.Ream.
