My Dear Wesley and Marnie.

I was very glad to get your letter - Marnie, telling about the trip to S. L. and Jean's having gone thro' the temple, before going into camp. I know how you both felt seeing him go - but ^{we} will all pray for him - and have faith that the Lord will take care of him. You did not give the name of the camp where he went. Was it "Camp Douglas"? The folks out at Church are very anxious for his address. They are putting a blue star on the pennant for him - You see they have a big white pennant hung up in church with a pretty blue star for every one who goes in to the army from our stake. It looks very pretty and we can count them and see how many we have from here in the service. They keep the address so they can write to them.

I had a letter from Rosie yesterday.
She felt very badly that Jean did not
come and see her - or if he was too busy
that he did not call her on the phone.
She said she thought so much of Jean.
I am sorry that you all have been
sick and hope you are all well now.
I have been looking all week for another
letter from you telling of Helen's decision
also Mary Ida's, and Jean's address.
Perhaps there had not been time yet,
but it seems like the mails have been
so slow lately. I have been looking too
for a letter from you - Wesley - giving the
the name of the company that Fabian is
insured in if you know or could find out.
I am real well. It is still cold and
stormy down here, raining to beat the
band. I miss Jean very much. Let me
know where to write him.

Lots of Love and good wishes to all.
