My Dear Wesley and Mammie:
I am just writing a few lines
this morning to tell you about
a book - "Cheery Cherubs" we are
sending to replace the one that
was lost out at school when
Helen was supposed to be using it.
I found where I could get one and
thought it might save feelings
if this was given to Mabel as
coming from Helen - so I got it.
When I told the girls, Hazel Dawn
paid me for it and said she knew
Helen would pay her back for
Helen wanted to get one to replace
the one that was lost. Now
they are sending a parcel off
to you folks for your birthdays, so
they are sending the book too - But

This book is supposed to come
from Helen and do not mention
my name, in any way as it
would only make more feelings.
So remember not to mention my
name in any way about the book.
If it should so happen that
Helen has already sent one
say nothing about this one but
keep it your self. The girls are
well here - so am I. At 11 P.M.
last night Thelma S. called up on
the Phone from L.A. to talk to
Hazel Dawn - Had me wake her up.
She asked her if Helen was here
said she was coming and would be
here if not already. So we don't know.
Lots of love and good wishes for
your birthday.

Lovingly Mother.
