My Dear Wesley & Mamie -

A week from tomorrow is the
birth^{anniversary} of my first baby and
four days later his wife Mamie
who I love like an own daughter.
I am thinking of you both and will
think of you both extra much on
those birthdays. I am wishing
you both all the good wishes
a loving mother can wish for
you - your health and happiness and
all good that can come to anyone.
In your beautiful home you
can be so happy - and with
a nice family like yours - there
is so much to be happy about.
Even though your children are
not with you now - You know you

trust them. They will live good
clean useful lives and be with
you again in the not too distant
future. Mary Ida and Hazel Dawn
are well and as sweet as ever.
They had a letter lately from Helen ^{May}
She was well, also all there were doing
fine.

I hope you are all well there and
getting along nicely with your work
without having to work too hard

Lots of Love and good wishes for
now and for your birthdays and for
many, many, more happy birthdays.

Lovingly
Mother

I am real well and still sleep good.
